Issues Concerning PAs and CRNPs The Credentials Committee recommended that the Board adopt the following opinions as guidelines for practice by PAs, CRNPs, and CNMs: 1) PAs, CRNPs and CNMs may refer patients to physical therapists for treatment based on a protocol prescribed by the licensed physician under whom the PA/CRNP/CNM is practicing; 2) PAs, CRNPs, and CNMs are not prohibited from treating workers' compensation patients; 3) PAs, CRNPs and CNMs are not authorized to approve handicapped decals; 4) Physicians are not authorized to share PDMP information with practice partners or other office personnel. The motion was adopted.
