540-X-8-.20 Authorization for Practice as a Certified Nurse Midwife.

(1) The Board of Nursing may grant a certificate of qualification for advanced practice nursing as a nurse midwife to applicants who meet all requirements of 540-X-8-.15.

(2) Only those registered nurses who have been issued a certificate of qualification by the Board of Nursing and have approval for collaborative practice from the Board of Medical Examiners and Board of Nursing may hold themselves out to be certified nurse midwives, use the designation "CNM" or use titles to imply that they are nurse midwives.

(3) When for any reason the collaborative practice agreement with the physician designated in the application for approval is terminated, then approval of such certified nurse midwife and collaborating physician designated in the application is automatically withdrawn.

(a) The certified nurse midwife and the physician shall each inform their respective board in writing of the effective date of the termination of the collaborative practice agreement and the reasons for such termination. Failure to notify the respective board of termination may be considered a violation of these rules and regulations.

(b) The certified nurse midwife shall notify the Board of Nursing using the on-line form "Terminate an Existing Collaboration."

(c) A certified nurse midwife in a collaborative practice which is voluntarily terminated by either party is responsible for notifying the Board of Nursing of the date on which the collaborative practice agreement terminates. Notification to the Board of

Nursing by the Alabama Board of Medical Examiners that a physician has voluntarily terminated a collaborative practice agreement will meet the notification requirement and will result in termination of the certified nurse midwife's approval to practice under the collaborative practice agreement.

(4) The advanced practice approval shall expire prior to the RN license if the advanced practice national specialty certification expires during the license period.

(5) Approval for advanced practice may be continued each biennium at the time of renewal of the registered nurse license upon verification of:

(a) Meeting the requirements of Rule 540-X-8-.15.

(b) Continued collaboration with the approved physician(s) or eligibility for continued exemption from collaboration.

(c) Payment of the advanced practice nursing renewal fee.

(6) Failure to meet the requirements for renewal shall result in lapse of the advanced practice approval.

(7) A nurse who fails to attain or maintain specialty certification as a nurse midwife from the American College of Nurse Midwives Certification Council shall:

(a) Immediately notify the Board of Nursing.

(b) Not practice or use the title of certified nurse midwife until approved by the Board of Nursing.

(8) Registered nurses who have been issued a certificate of qualification as certified nurse midwives from the Board of Nursing may use the designation specific to the authorization, as follows:

(a) "CNM - Faculty." The registered nurse who:

1. Meets all qualifications for approval as a certified nurse midwife as provided in Rule 540-X-8-.15.

1. Meets all qualifications for approval as a certified nurse midwife as provided in Rule 540-X-8-.15.
