RE: Whether a Fertilist Must Register as a Provider of Office-Based Surgery

To whom it may concern:

The Alabama Board of Medical Examiners (Board) was asked whether a fertility clinic using ultrasound guided egg retrieval is required to register for office-based surgery with the Board. At its January 15, 2020, meeting, the Board voted to require that a physician performing office-based egg retrieval should register as a provider of office-based surgery.

Please let me know if you have any questions concerning this matter.

Sincerely,
ALABAMA BOARD OF MEDICAL EXAMINERS
